**Notice of migration to "ZE064W Series"**  
**(Successor of "GT18W series")**

We are planning to focus on resource for waterproof automotive interface connectors, ZE064W series, the successor of GT18W series  
ZE064W series will realize miniaturization and high performance to respond to the needs for advanced automotive specification.  
We would like to inform you of this migration in advance and to have you understanding.

1	Products affected	GT18W series
2	Replacement products	ZE064W Series Please refer to the attached spec comparison.
3	Reason for change	To respond to the fact that the specifications demanded on automobiles are gradually advanced recently.
4	Start date for receiving Orders for replacement product	Scheduling during the second half of FY2018.

If you are already adopting or considering the GT18W series,  
please consider the migration to the ZE064W series.  
If you have any questions, please contact our sales representative.
