

FEBRUARY 2021

Change of production site: BN series double deck terminal blocks

IDEC would like to inform you that we are changing the production site of some of our BN series double deck terminal blocks from Japan to Thailand. Details are as follows:

1. Affected models:

- BND15WT
- BNDH15WT

2. Details:

The production site will be changed from Japan to Thailand. Accordingly, product origin indicated on their product cases will be changed to “MADE IN THAILAND”. For example:

Note: Specifications are the same for the products made in Japan and the products made in Thailand.

3. Schedule:

Starting April 2021

4. Part number and pricing will remain the same.
