

**BU-P72973****(SMA Flange Mount Connector, Female to Female)**

- The BU-P72973 is a female to female SMA flange mount connector. High bandwidth and durability for confident connections.
- Overall length 0.87" (22.2mm), overall width 0.5" (12.7mm)
- Holes are spaced 0.34" (8.6mm) center-to-center.
- Material:     Body                             Gold-plated brass  
                  Contacts                         Gold-plated beryllium copper  
                  Insulator                         PTFE
- Rating:       Frequency Range             0 to 18 GHz  
                  Voltage                             Hands-free testing to 500 VRMS Max.  
                  Impedance                         50 Ohms  
                  Temperature                        -50°C (-58°F) to 105°C (221°F)
- RoHS 3 compliant
