

30th Jan 2019

To: Valued Customer

From: Littelfuse Product Management

Subject: Phase out of 0672 & 0673 Series

We are seeing the demand decline gradually year over year for 0672 & 0673 series, as a result the cost to maintain these two series is going higher and higher. In order to follow the change of market trend and provide customer required product steadily and in a timely and effective manner, we will perform the product integration and phase out of 0672 & 0673 series and transfer to the equivalent parts according to cross reference listed below:

CROSS REFERENCE INFORMATION

Existing			Recommended		
0672	Fast Acting UL standard,3.6x10mm,	Glass Body	0874	Fast Acting UL standard,3.6x10mm,	Ceramic Body
0673	Slow Blow UL standard,3.6x10mm	Glass Body	0875	Slow Blow UL standard,3.6x10mm	Ceramic Body

The last buy for 0672 & 0673 series is 28th Feb 2019.

We apologize for the inconveniences caused and please kindly understand. You can contact Littelfuse local sales for samples applying.

Please let us know should you have further queries or thoughts on the above changing.
